MY PROFILE

Seasoned Full Stack Developer with a strong foundation in React, bolstered by a diverse skill set and a commitment to applying SOLID principles and clean architecture to all projects. My rapid learning ability and self-driven nature enable me to seamlessly integrate into new workflows and frameworks.

WORK EXPERIENCE

Self Employee/ Carrier

HEFAME Group
2013 - 2023

- Over 9 years as a Carrier at Grupo Hefame, successfully delivered pharmaceutical and office products to more than 200 locations in Granada, Jaén, and nearby regions, showcasing extensive experience in transportation logistics
- Demonstrated expertise in managing complex delivery routes, handling controlled substances, and ensuring the preservation of temperature-sensitive cargo, reflecting strong attention to detail and a dedication to meeting strict delivery standards.
- Proven ability to adapt to dynamic situations, efficiently handle high-demand periods such as peak seasons, and consistently adhere to company protocols.

More Experience

Sys Admin/Teacher/Technician
2009 - 2013

- Instructed course on Social Media and E-commerce strategies.
- Administered IT systems, efficiently resolved technical issues.
- Oversaw Windows 2003 Server, including user management and policies.
- Offered freelance IT services, encompassing setup and equipment guidance.
